

Individual Reflection Week 19

Elvina Fahlgren

13-05-22

What do I want to learn or understand better?

We need to receive the tag information from the backend, so I want to learn how we could do that in a good way.

How can I help someone else, or the entire team, to learn something new?

I can share use full findings to the rest of the team.

What is my contribution towards the team's use of Scrum?

As usually, my contribution to the teams use of scrum have been to planning the sprint, discuss user stories and their velocity. I also have participated in the sprint review and sprint retrospective. And for the next sprint, I will continue to participate in the meetings and follow the agile approach to working.

What is my contribution towards the team's deliveries?

During this sprint, I created the tags (not connected to backend yet) with Julia and Ingrid.
